Discover the United States of America! The 6th annual "U.S. Day" at the World Trade Center Bremen offers much information on living, studying, working and learning in the US! We kindly invite you to visit the many youth exchange organizations and our network partners at their booths and to partake in a diverse and interesting program! Our event is aimed at a broad demographic, but primarily at young people who are thinking about pursuing an exchange year abroad and wish to receive further information about America.

Additionally, we are planning a **consultation hour** with the consular staff of the **US Embassy in Berlin**. **Cultural performances** as well as **informative presentations** will make the "U.S. Day" 2010 an interesting and worthwhile event for everyone!

Please stop by! Admission is FREE!
